BUSINESS PROFILE VIDEO PACKAGE

At Waiting 2B Scene, we believe in the power of video to generate genuine connection with viewers. We love great video content ourselves!

So we want to partner with your business to develop an accessible, high quality Business Profile Video that will connect your business with prospective clients in a genuine way.

A one (or two) minute Waiting 2B Scene Business Profile Video will help you to greet newcomers, to introduce them to the why that lies at the heart of what you do, and then to your product or service.

Our process is simple, and down to earth.

Book us in, and we will meet with you, discuss your project, work to develop a bespoke script, and then film and edit your video within a timeframe best suited for you.

We don't want anyone to think having their own business video is too difficult! So our aim is:

- to make the video production process a pleasant one for you,
- with a reasonable price point,
- and a down to earth customer service experience.

We understand every business is unique. Take a look at the package details and pricing on the following pages, and then get in touch; we can't wait to hear what you have in mind. We're here for you.
