

WAITING 2B SCENE

VIDEO PRODUCTION PACKAGES 2023/24

LIVE EVENT AND HIGHLIGHT PACKAGE

At Waiting 2B Scene, we believe in the power of video to generate genuine connection with viewers. We love great video content ourselves!

We want to partner with you to professionally record your presentation, and develop an accessible, high quality product that will connect your business with prospective/current clients, business partners, trainees, and/or staff in a genuine way.

Given the hours you put in to prepare for a keynote address, or a training event, we believe that it ought to reach beyond the event alone. So we have developed the Waiting 2B Scene two-video Live Event and Highlight Video Package: your full presentation, and a Highlight Video to succinctly communicate the heart of your message.

Our process is simple, and down to earth. Book us in, and we will meet with you, discuss your project, and then film and edit your video within a timeframe best suited for you.

We don't want anyone to think having their own Highlight Video is too difficult! So our aim is:

- to make the video production process a pleasant one for you,
- with a reasonable price point,
- and a down to earth customer service experience.

We understand every event is unique. Take a look at the package details and pricing on the following pages, and then get in touch; we can't wait to hear what you have in mind. We're here for you.

LIVE EVENT AND HIGHLIGHT VIDEOS - KEY INFORMATION

PACKAGE INCLUDES:

OPTIONAL EXTRAS

Pre-Filming Meeting:

We'll meet with you for an hour to discuss your project.

Four Hours Filming:

We'll come to you and film onsite at your business or chosen location (includes setup/packdown).

Presentation Video:

We will provide you with a copy of your full presentation, so you can use it as you see fit (for example, as a training resource).

Highlight Video:

Licensed Music:

We will select a basic licensed music track to undergird your video. Licensing means that the artist is paid for their work, and your video can be shared without infringing on copyright.

One Revision:

We want you to be as happy with your highlight video as possible, so we will send a single draft edit to you for a standard revision: where we invite you to provide feedback on all aspects of the draft.

Finalised Edit Ready For Upload:

We'll upload the finalised version to a cloud-based platform for you to access, ready for use on your website and/or social media.

Extra Hour of Filming:

Sometimes clients want more time to capture just the right footage. We can work with that.

Premium Music:

We have access to an extensive range of excellent royalty free music: but if you want a royalty free track that pops just that little bit more, we can source that for you.

Extra Stock Footage

In addition to our filming, we can also source stock footage if the project calls for it.

Extra Filming Location:

If you have more than one location in mind for your shoot, but aren't sure if we can do that: we can.

Extra Revision:

Would you like even more flexibility to dial in your finished video? Add an extra revision.

Extra Help:

If you are unsure how to upload your footage to YouTube, Vimeo, Social Media - we can offer some assistance in that area.
